Annexure – II

2015-16

Best Practice – I

1) Title of the Practice – Voter's awareness programme.

2) Goal :- The objective of conducting the said programme to make standards aware about the social responsibility with regular subjects which they study they get an opportunity to learn about the social responsibility which a student has to inculcate in his life for the betterment of his own and the society as well.

3) The context – 70 % of the population of 'India' is not aware about the democratic concepts. The major part of it is election. But the people do practice the right of voting in a proper way.

4) The Practice – To make them aware about their voting right, the students of the college prepared a street play on the same subject and near about 200 performances are performed in province of Ichalkaranji, The NSS department, Vivek Vahini & Cultural Committee took initiatives and did it successfully.

5) Problem Encountered – Most of the people were not aware about the significance of voting. They even were not aware that through voting they can entirely change the social as well as political scenario, which can make their life happy and secure. People of weaker sections were thinking about the short term monetary benefits from the conditions.

6) Evidence of success – The Awareness is created among the people and most of the people registered themselves as voters as they were not serious earlier. They changed their views about the monetary benefits and understood thoroughly the right of voting.

Best Practice – II

1) Title – Water Conservation

2) Goal – To make aware the people about value and worth of water.

3) Context – Total agriculture of India is depend on rain. Due to the insufficient rain we have to face the serious problem.

4) The Practice – The year 2015-16 was the year of drought. Insufficient water has created very serious problems. The students took the task and started a campaign. How to recycle the used water; how to save the water, use of alternative to water where is possible. A street play is set on the subject and near about 100 performances were organized. The NSS, Vivek Vahini and Cultural Department jointly conducted the campaign. The lectures of the experts were also organized in NSS camp on the same subject. Students had face to face communication with the farmer of the nearby villages and they convinced them with the new technique like drip irrigation system. The financial assistance & subsidy of the government through which they can afford easily.

5) Problems encountered – The students of our college are earners. After the duty hours and in holidays they could go for the campaign. The people were terrified they were very afraid of the conditions. The students tried to comfort then.

6) Evidence of success – Communication with the people got a success. They are ready to adopt the new techniques which are useful for their development.
